About

Rift/ Renewal

A show of fine art prints by members of Print Arts Northwest

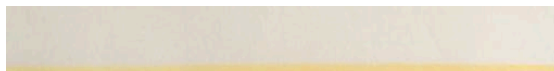

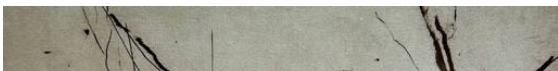

Friday August 1 - August 31

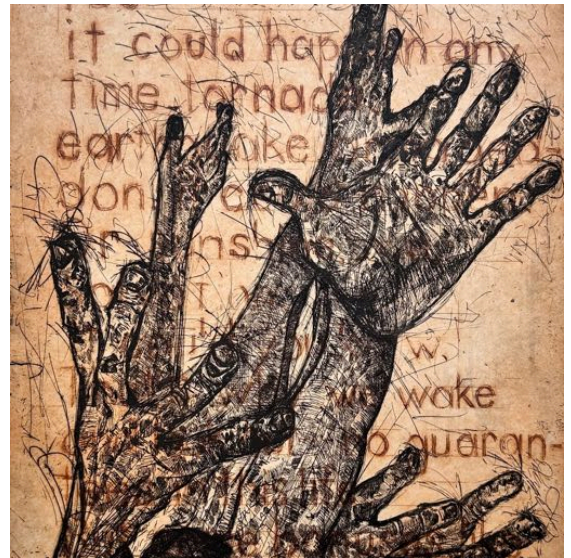

Opening Reception August 1, 5pm - 7:30 pm

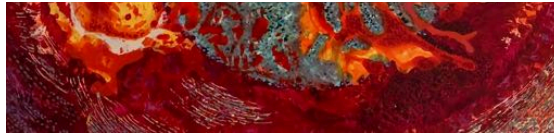

Those who spend time in the Columbia River Gorge know about rifts: they see one every day when they look across the Columbia River. But there are other rifts, besides the ones we find in a landscape. Lately we've seen political rifts, social rifts, and emotional rifts. But across each divide, there is always some way to seek renewal.
